In the stock list the heaviest dealings were in Atchison preferred, Sugar Refining, Manhattan Railway, Brooklyn Rapid Transit, and American Tobacco. These were the only stocks in which the transactions footed up or exceeded 10,000 shares. Sugar Refining was the only member of the entire list that closed materially higher than yesterday. The buying of that stock was chiefly to cover shorts recently put out on the theory that the company's earnings are likely to be seriously affected by the impending new competition. Atchison preferred supplied nearly one-fifth of the total dealings, but closed only one-quarter of 1 per cent, higher than yesterday. Manhattan Railway, which was third in respect to activity, closed unchanged. The market as a whole lacked animation and was in the main professional, conditions that are natural at this time of the year. The speculative community, however, seems inclined to ignore precedent and to attribute the dulness to the absence of war news of the first importance and to the concentration of investment interest in the new Government loan. The closing was uninteresting at fractional declines for the majority of the list from the final figures of vesterday.

91	failed to prevent a decline, although the total busi-
3	ness for foreign shipment was reported at as high as
Н	1,600,000 bush. With the prevalent sentiment as to
	the drift of prices so distinctly pessimistic, it is
	small wonder that the speculation continues sluggish
	and uninteresting. Northwestern receipts were 28
	cars, against 197 this day last week and 861 last
	year; those at Chicago 40 cars, against 12 a
Ш	week ago and 17 last year. There was a slight
И	recovery before the close on the later months,
91	and after 'Change September sold at 78c., the
	official closing price of yesterday. Yesterday
	millers bought at Duluth and Minneapolis
1	800,000 bush. No. 1 Northern at 88c. to 89c. That,
	too, fell flat. Corn declined slightly, and then re-
	covered the loss in response to a rise in Chicago,
П	where reports of hot winds in the Southwest caused
m	covering. Liverpool declined 14d. to 34d. Oats were
ш	practically stationary. The crop outlook is very
	favorable, but there is a fair cash demand. The crop
	indications are as follows compared with the official figures of other years. Statistician Brown's figures
	being given for this year:
	Dellie Elven for this year.

Winter wheat	1898. 848,460,000 255,350,000	1897. 882,898,000 197,451,000
Total bush	603,820,000	550,149,008
Corn	742,000,000 22,500,000 58,700,000 244,000,000 1896,	1,902,968,000 698,768,000 27,868,000 66,685,000 164,016,000
Winter wheat Bpring wheat	264,539,000 168,845,000	257,709,000
Total bush	427,684,000	467,188,000
Corn	,283,875,000 707,848,000 24,869,000 69,695,000 249,080,000	2,151,189,000 824,444,000 27,210,000 87,873,000 297,287,000

ш	Chicago, July 12.—"In the wheat market it appeared
ш	to be the new crop movement against the cash wheat
ч	demand. The trade was extremely bearish, and was
ш	rather inclined to overdo that side of the market.
ш	The increased movement of new wheat at various
н	points and the continued fine weather which were
	points and the continued fine weather, which gave promise of continued threshing operations and fur-
	promise of contained threating operations and ru-
	ther increase in the crop movement, were the chief
	inspirations of the bears. There were 31 cars new
ш	wheat here out of the 40 received, and it graded very
	well. Kansas City reported 31 cars there over a
٠.	single road, and predicted that arrivals next week
٠.	would run 200 cars a day. Baltimore told of the arrival
	there of 25 cars of new wheat from Ohio, which graded
	well. That city also reported a poor export demand.
	The latter news was not in keeping with the informa-
31	tion here. Cash grain men told of export bids here
	for 100,000 bush. No. 2 red hard Kansas new wheat
	for first half of August delivery at equal to 2c. over
6	September, f. o. b. vessels here. The cash men also
)	reported that they were unable to fill the order. New
	York told of a big export business, and
20)	York told of a big export business, and finally reported the engagement of 200 boat-
1	loads for shipment up to September. The Gov-
	ernment crop report was discounted yesterday and
	the figures were undoubtedly known then. The St.
	the figures were undoubtedly known then. The St.
1	Louis receipts of new wheat to-day were not as large
	as yesterday. The total was 25,000 bush, against
	22,500 a year ago. Though the scalping element and
•	professional speculators in general were very bearish,
	there seemed to be a demand for the wheat every
4	time it weakened. September opened with sales
1.	from 68%c. to 67%c., was beaten down to 67%c., re-
	covered to 07%c., and closed at 67%c, after frequent
5	fluctuations between 67%c. and 67%c. Corn was
	weak early on the fine weather and the Gov-
	ernment crop report, which indicated a total yield of
6	over 2,000,000,000 bush. As in wheat, the selling was somewhat overdone. There were rumors of hot
	was somewhat overdone. There were rumors of hot
5	winds in the Southwest doing damage, and the trade
11.5	was very much disposed to act on them. This caused
	a recovery of all the early loss. In oats there was in-
1	fluential selling early and a consequent depression
•	in the market. Government figures indicated a yield
	in the market. Government figures indicated a yield of 728,000,000 bush., and there was continued fine
	weather everywhere with predictions of more of the
	same to-morrow. A good shipping demand was de-
	veloped at the decline.
•	Total and the decision

ı	veloped at the decline.
1	veloped at the decline. FLOUR-Prices showed no noteworthy changes to day. Sellers were firm, owing to strong Northwest
1	day. Sellers were firm, owing to strong Northwest.
1	ern markets, while the decline in wheat here encour-
1	aged buyers to pursue the policy of purchasing
1	only enough to meet immediate demands and the
1	sales were only 9,500 bbls. Brazil is buying again in
1	sairs ware only 2,000 dots. Drazit is onlying again in
ı	New York. It has been getting its supplies from Ar-
١	gentina. This seems to show that Argentine stocks
1	are getting pretty low.

very few points at a time and then it quickly rallie on covering or anything else of an encouraging nature. The truth is that the price is considered by many to be low, and furthermore the crop has by no means passed the critical point and the history of cotion culture shows that it is yet possible for the plant to receive a decided reverse. Even as it is there are some complaints. The weekly Government reports tates that there is more or less rust and shedding it the eastern portion of the belt, that there are complaints of rust and boll weevlie in some section of Texas, that the crop is in need of cultivation of the lowlands in Louisiana and Mississippi, and that it Louisiana in particular the growth has been too rapis and the crop is agrassy. The general opinion, however, is that, indexing from present appearances, the
many to be low, and furthermore the grow has by to
the and the critical point and the bistone
means passed the critical point and the history of

Real Estate Auction Sales.

Real Estate Auction Sales.

The Grenoble Hotel property was sold by John N. Golding at the Broadway salesroom yesterday. William Noble, propristor, confessed his inability to satisfy the incumbrances on the property of about \$357,509,000 of which \$277,578.13 was a first mortgage and accrued interest. W. S. Patton started the biddeding at \$50,000 over the first mortgage, interest and costs. This bid was raised to \$82,000 by J. Hull Browning, who held a second mortgage for \$50,000, and who was the plaintiff in the foreclosure proceedings. At this figure he secured the property. The price then was \$339,678.18.

Bryan L. Kennelly & Co. sold No. 148 Stanton street, 28350, three-story frame tenement, with three-story brick extension, foreclosure, amount due \$4,373, to Amalia Schmidt, plaintiff, for \$7,100.

William Kennelly sold Nos. 241 and 248 East Forty-fifth street, 503100.5, two five-story brick flats, foreclosure, amount due \$5,420,000.

Strong & Ireland sold No. 510 West 157th street, 18.8399.11, three-story brick dwelling, foreclosure, amount due \$3,40, subject to taxes, &c.,\$1,165.90, to J. H. Manne for \$40,000.

Strong & Ireland sold No. 510 West 157th street, 18.8399.11, three-story brick dwelling, foreclosure, amount due \$3,40, subject to mortgage \$7,000 and taxes, &c.,\$612.52, to Solomon Well, plaintiff, for \$9,704.

IN BROOKLIN.

T. A. Herrigan sold No. 655 Union street, 28g95, five story brick flat with stores, foreclosure, to Hanry Dundas, plaintiff, for \$8,000.

James L. Brumley sold three-story and basements brick dwelling No. 32 Livingston street, 25245198.7, on south side, 50 feet east of Clinton street, to Thomas H. Bochford, manager of the Postal Cable Company, Montague street, for \$12,650.

Real Estate Private Sales

Jacob Jung has bought for improvement from B. Davidson the southeast corner of Lexington avenue and Eighty-third street, a plot 102.216.1%, and from Jehn W. Wallace the lot adjoining on the street, 26,8102. From Jehn W. Wallace the lot adjoining on the street, 25. sx102. John H. Mettler has sold No. 596 Courtlandt avenue, a five-story flat, 29.7x80x100, to J. B. Lorge, taking in part payment six lots on the east side of Valentine avenue, 150 feet north of 180th street.

The plot 70x100.11, on 101st street, south side, 80 feet west of Park avenue, is reported sold by Simon Jacobs to Nathan Goldstein and Simon Piensky.

W. F. and C. H. Smith have traded the tenement, No. 596 Courtlandt avenue, for John H. Metzler to J. B. Lorge, for six lots on Valentine avenue, north of 118th street.

F. D. Tappen, President of the Gallatin National Bank, Brayton Ives of the Metropolitan Trust Company, John A. Stewart of the United States Trust Company, and about twenty other men of high standing in the financial world sent a petition to President Guggenheimer of the Council yesterday, asking that push carte be kept out of Wall street during business

Attachment Against Addicks. Deputy Sheriff Sullivan received an attachment yesterday from Buffalo against the Queen City Construction Company and J. Edward Addicks for \$46,000 in favor of John Laughlin, Joseph E. Ewell, and Wilber E. Houpt for pro-fessional services. It was obtained on the ground of non-residence.

WEEKLY CROP REPORT.

Conditions of the Leading Staples in Various Parts of the Country. WASHINGTON, July 12 .- The weekly crop buletin of the Department of Agriculture, issued to-day, gives the following summary of crop

The dry weather over the northern districts, rom the Missouri Valley eastward to New England, proved exceptionally favorable for harvesting and cultivation of crops, but was not wholly favorable for crop growth, and in the lake region, middle Atlantic States, and New England rains are much needed; rains are also needed, particularly for spring wheat, in western South Dakota, Montana, and Washington. Some damage has resulted from excessive rains in parts of Arkansas, Missouri and Mississippl, and from local storms in Minnesota and Illinois. High winds have proved injurious to wheat in Washington. In the Southern States the week has been gener-ally favorable, except in parts of Mississippi, where damage has resulted from heavy rains.
With the exception of damage by chinch bugs

where damage has resulted from heavy rains.

With the exception of damage by chinch bugs in parts of Missouri and Illinois, and the need of rain in southern Wisconsin, upper Ohio valley and middle Atlantic States, corn has continued to make favorable progress and the general outlook is promising. Cultivation has been largely finished, except in the more northerly regions, and the crop is in tassel as far north as Michigan and Wisconsin.

Winter wheat harvest is well advanced in the extreme northern districts, and considerable threshing has been done in the central valleys, middle Atlantic, and Southern States. Threshing has been done in the extreme northern districts, and considerable threshing has been done in the central valleys, middle Atlantic, and Southern States. Threshing has however, been delayed by rains in parts of Missouri, where grain in shock has been damaged. Harvesting with excellent results continues in Oregon, and has begun in Washington. In Oregon the crop has ripened rapidly, in some places prematurely, and has been damaged to some extent by high winds. In Callfornia harvesting is nearing completion, the summer fallow giving fair yield in some places. In South Dakota spring wheat has been injured permanently by hot winds of the week ending June 27, and the excellent prospects of three weeks ago have been impaired materially. In Minnesota, however, losiged grain has improved, and there is a general absence of rust. The crop is now heading in the extreme northern part of the spring wheat region and harvesting will begin this week in Iowa. On the north Pacific coast the crop is ripening rapidly and an excellent yield is promised, especially in Oregon.

With the exception of a few complaints of rust and shedding, the reports indicate an improvement in cotton over the eastern part of the cotton belt. The crop is also doing well in Missouri and Arkansas, and generally in Texas, where, however, rust and boil weevil are reported in some places and the crop is inneed of cultivation on lowlands. In Lou

TROLLEY LINE OVER GOLF LINKS. Port Chester Company Wins Its Fight

Against the Apawamis Club. PORT CHESTER, N. Y., July 12.-The Port Chester Street Bailroad Company began running its cars to-day over the new line from Port Chester to Rye and the branch from Port Ches-Chester to Rye and the branch from Port Chester to the town of Harrison. The road has been built despite the opposition of the members of the Apawamis Club, composed of well-known New York people, who objected because the line extends through a section of the club's golf links. There is determined opposition on the part of the New York people, who own country seats between Port Chester and White Plains, to having a railroad near their property, and it may be a year before the proposed extension to White Plains is completed.

TWO KILLED BY FALLS.

Window Cleaner Meets Death While Working at His Trade in Broadway.

Alfred Asher, 35 years old, was killed yesterday by falling from the second-story window of 596 Broadway, which he was cleaning, to the sidewalk. Asher was a professional window cleaner, and made a good living, having a regular route along Broadway.

August Mullin died yesterday in Hudson Street Hospital of a fractured skull, received in falling from a ladder at 197 Water street, where he was employed as a porter.
